Michelle Berner

What would you say about a girl who has the looks, the brains as well as the talent?
I'd say "show me the money".

Michelle first moved to Melbourne from country Victoria in early 1996 and has really taken the Melbourne music scene by storm. When not looking after her two beautiful sons Jackson and Dylan, our super singing mum is undoubtedly this town's most enjoyed female performer. With her signature smile and adorable personality, Michelle showers her audience with so much affection that she can barely keep up with her "my space" commitments...hehehe!!

A few of Michelle's vocal influences include artists such as Shania Twain, Cheryl Crow and singer/songwriter Jewel. However her musical interests encompass many varied styles including Funk, Soul, R&B and even Pop – this could be the secret behind her versatile vocal ability.

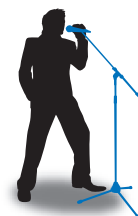

Joey Dee

Having established an eminent standing within Melbourne's music industry, Joey Dee has become one of this city's finest and most sought-after vocal performers.

His musical talents were first recognized during his involvement with the channel 10 smash hit television series Young Talent Time as a child. Following that childhood run of success, Joey still a teenager was very much in demand to perform around the country on many Australian television programs including Tonight Live, Hey Hey it's Saturday, The Midday Show and very much a favorite on Bert Newton's Good Morning Australia.

Whether it is a soulful groove, a funky riff or a more classic Jazz standard, Joey Dee's vocal approach possesses a distinctive sound that appeals to everyone's musical tastes. Couple this with his "crooner like" style of performance; Joey is a force to be reckoned with.
